

TECHNICAL INFORMATION

Veranda Sheers combines the high performance of solution dyed acrylic with an exclusive softness and aesthetic appeal usually only found in natural fibre products.

Using the same innovative fibre found in Veranda I and II, these textiles have been designed for use in areas of strong sunlight. Fade resistant and easy to care for, they are also wide-width for seam-free application.

- Solution dyed acrylic
- Mould, stain and salt resistant
- Fade-resistant to strong sunlight
- Colour fastness to weathering: 7 to 8 out of 8 on the blue scale after 1500 hours of exposure in accordance with EN ISO 105 B04
- Easily maintained
- Washable at 30 degrees
- Bleach-cleanable
- Wide-width
- Suitable for indoor/outdoor use
